Briefly describe how your participation on this Board will help the Lake County Community: *

California stands as a global agricultural powerhouse, leading the nation in farm production (400 diverse crops), contributing millions to the California economy while pioneering sustainable farming practices that feed millions. Here in Lake County, our agricultural sector drives over \$140 million in annual economic impact (Lake County Agricultural Department, 2023), creating essential employment across our region and fueling the success of countless local businesses. As our Board of Supervisors navigates critical agricultural policy decisions, the Agriculture Advisory Committee serves as a vital bridge—providing expert, data-driven recommendations grounded in both local insight and global agricultural trends to support Lake County's thriving agricultural future. As a first-generation Lake County farmer cultivating grapes, pears, and walnuts and partner in Adobe Creek Packing (pears), I bring both practical field experience and proven leadership in strengthening our agricultural community's economic foundation. My hands-on knowledge of the challenges and opportunities facing local growers, combined with my track record of collaborative initiatives that have advanced Lake County's prosperity, positions me to make immediate, meaningful contributions to the Agriculture Advisory Committee. I am deeply committed to championing policies and solutions that ensure our agricultural heritage not only endures but flourishes for generations to come. I would be honored to continue serving the Ag community on this committee. Thank you for considering my application.

List any special qualifications or expertise you may have for the position and any other information you would like to include as part of your application: *

My wide-ranging AG leadership experience includes serving as both local and state president of California Women for Agriculture, along with holding leadership positions within American Agri-Women and participating in leg. Advocacy with the California Farm Bureau. Through these roles, I have developed expertise in advocacy skills. I actively monitor and engage with legislative initiatives affecting California, U.S., and global agriculture, providing me with a macro-level perspective that complements my local farming experience.

Beyond my agricultural leadership, I have demonstrated a sustained commitment to community service through volunteer involvement in Lake County ie Lake County Wine Alliance, Kelseyville Pear Festival and Agri-tourism. My decades of professional experience in California public education have reinforced my understanding that effective advocacy and progress begin with education and community engagement

LAKE COUNTY ADVISORY BOARD, COMMITTEE AND COMMISSION CONFLICT OF INTEREST POLICY

Policy

**LAKE COUNTY
ADVISORY BOARD, COMMITTEE AND COMMISSION
CONFLICT OF INTEREST POLICY
POLICY**

In addition to any Federal or State conflict of interest requirements which may apply, no member of any Advisory board, commission or committee shall make, participate in making or in any way attempt to use their position to influence a decision in which he or she knows or has reason to know that he or she or their spouse has a financial interest. In all such cases, the affected member shall disclose his or her interests in the records of the board, commission or committee and shall refrain from participating in all discussions and votes concerning the matter in which he/she or his/her spouse has a financial interest.

The purpose of this policy is not only to avoid actual improprieties, but also the appearance of possible improprieties. Therefore, it is the policy of the Board of Supervisors that any doubts as to whether a member shall refrain from participating in a particular matter should be resolved in favor of non-participation.

While recognizing that state law and regulations may specify categories of memberships on certain boards, commissions and committees, to the extent possible, no one shall be appointed to a board, commission or committee which recommends funding allocations to community based organizations, who is (or whose spouse is) a director, or officer of an agency or organization which competes in the funding process before that board, commission or committee.

The Clerk of the Board of Supervisors shall provide all applicants for County boards, commissions and committees with copies of this Conflict of Interest Policy. Additionally, the County's staff to each board, commission, and committee shall assist in monitoring compliance with the conflict of interest policy. Monitoring shall include annual review of appointee circumstances as they may change during each appointee's term of office.

All applicants shall state on their application for appointment what affiliation, if any, they or their spouse has with public service agencies. Additionally, all applicants shall certify prior to their participation as a voting representative of the Board of Supervisors that they have read this policy and can serve free of any conflict of interest. The certification will be made by an applicant/nominee by signing the application for their appointment. Further, should any conflict of interest arise during the appointee's term of office, the appointee shall so declare and abstain from participation on the proceeding and business as it relates to the area of conflict.

For those boards, commissions and committees which recommend funding allocations to the Board of Supervisors, no member shall participate in any discussions or decisions related to an agency of which the member or the member's spouse is a director or officer. Additionally, unless state law or regulation require otherwise, any such member shall also refrain from participation in discussions or decisions related to proposals which are in direct competition with a proposal submitted by the agency of which the member or member's spouse is a director or officer.

APPOINTMENT OF COUNTY EMPLOYEES TO ADVISORY BOARDS

(Policies & Procedures Manual, Section 1-7)

In order to further community involvement in County government and to further the independence of advisory boards, it shall be the policy of the Board of Supervisors to discourage appointment of County employees to those advisory boards which are intended to consist of independent citizens and/or community members.
