Briefly describe how your participation on this Board will help the Lake County Community: *

I was instrumental in the founding of the Cobb Area Council. My direct participation as an Alternate now would encourage the council to continue modeling what civic engagement in our county can look like and achieve in terms of projects such as the Cobb Safe and Cobb Resilient workshops, promoting wildfire safety and readiness, and continue addressing the myriad issues in a rural California county.

As the Co-founder and Director of Strategic Resilience at the Seigler Springs Community Redevelopment Association (SSCRA), I offer a proven track record in community leadership and organizational governance within the Cobb Mountain area. My professional background as a Wildland Resilience Strategist provides the technical expertise necessary to advise on critical issues regarding ecological health and wildfire safety. Through my roles as a Community Regional Coordinator for Firewise USA and a participant in the Cobb Alert Net, I have built deep, trusted connections with local residents and emergency stakeholders. I hold a Bachelor's degree in Communication with a focus on interpersonal dimensions, which equips me to navigate complex public discussions and represent diverse community interests effectively. My recent work drafting governance policies and operations manuals reflects a high level of administrative precision and a commitment to transparent local oversight. I am dedicated to the resilience of our region and prepared to support the Cobb Area Council's mission of providing informed advocacy to the Board of Supervisors.

If Yes, Please Explain

My husband and I founded The Seigler Springs Community Redevelopment Association (SSCRA), a 501c3 nonprofit dedicated to fostering prosperity, long-term resilience, and environmental stewardship for Lake County communities through collaborative, grassroots, and asset-based development. We focus on wildfire safety, watershed restoration, and securing grant funding for local projects. In the wake of the Valley Fire, we co-hosted much-needed community workshops and events in partnership with the Council. In three instances over the past ten years, we have been awarded funds from local government. The Council itself gave us funds 1) from a Disaster Recovery grant under the AHEAD program of the Federal Home Loan Bank of San Francisco to develop a Cobb Mountain Economic Development and Wildfire Resilience Strategy plan, which the Council subsequently adopted, and which is now due for an update, and 2) a \$5000 community match for a current project to establish a Cobb area-specific Community Wildfire Protection Plan. We are only in the first year of the CWPP project. In a third instance, my husband is the chair of the Forest Stewards Committee of the Council, which is made up of large landowners, Calfire, several Firewise Communities in the area and Anderson Springs. One of their first projects was to bring in the first portable air curtain burner in the county, which Calfire presented for the community's use. SSCRA acted as a fiscal sponsor for the money required to load and operate the burner. The money came from Supervisor Jessica Pyska's discretionary fund and had to be passed through the Yolo County Resource Conservation District. If I am appointed to the position of Alternate by our County Board of Supervisors and must step in for the sake of a Council quorum, I would recuse myself from any actions or votes that might involve SSCRA.

LAKE COUNTY ADVISORY BOARD, COMMITTEE AND COMMISSION CONFLICT OF INTEREST POLICY

Policy

LAKE COUNTY ADVISORY BOARD, COMMITTEE AND COMMISSION CONFLICT OF INTEREST POLICY POLICY

In addition to any Federal or State conflict of interest requirements which may apply, no member of any Advisory board, commission or committee shall make, participate in making or in any way attempt to use their position to influence a decision in which he or she knows or has reason to know that he or she or their spouse has a financial interest. In all such cases, the affected member shall disclose his or her interests in the records of the board, commission or committee and shall refrain from participating in all discussions and votes concerning the matter in which he/she or his/her spouse has a financial interest.

The purpose of this policy is not only to avoid actual improprieties, but also the appearance of possible improprieties. Therefore, it is the policy of the Board of Supervisors that any doubts as to whether a member shall refrain from participating in a particular matter should be resolved in favor of non-participation.

While recognizing that state law and regulations may specify categories of memberships on certain boards, commissions and committees, to the extent possible, no one shall be appointed to a board, commission or committee which recommends funding allocations to community based organizations, who is (or whose spouse is) a director, or officer of an agency or organization which competes in the funding process before that board, commission or committee.

The Clerk of the Board of Supervisors shall provide all applicants for County boards, commissions and committees with copies of this Conflict of Interest Policy. Additionally, the County's staff to each board, commission, and committee shall assist in monitoring compliance with the conflict of interest policy. Monitoring shall include annual review of appointee circumstances as they may change during each appointee's term of office.

All applicants shall state on their application for appointment what affiliation, if any, they or their spouse has with public service agencies. Additionally, all applicants shall certify prior to their participation as a voting representative of the Board of Supervisors that they have read this policy and can serve free of any conflict of interest. The certification will be made by an applicant/nominee by signing the application for their appointment. Further, should any conflict of interest arise during the appointee's term of office, the appointee shall so declare and abstain from participation on the proceeding and business as it relates to the area of conflict.

For those boards, commissions and committees which recommend funding allocations to the Board of Supervisors, no member shall participate in any discussions or decisions related to an agency of which the member or the member's spouse is a director or officer. Additionally, unless state law or regulation require otherwise, any such member shall also refrain from participation in discussions or decisions related to proposals which are in direct competition with a proposal submitted by the agency of which the member or member's spouse is a director or officer.

APPOINTMENT OF COUNTY EMPLOYEES TO ADVISORY BOARDS

(Policies & Procedures Manual, Section 1-7)

In order to further community involvement in County government and to further the independence of advisory boards, it shall be the policy of the Board of Supervisors to discourage appointment of County employees to those advisory boards which are intended to consist of independent citizens and/or community members.
