LG Sonic – MPC Buoys

- 2022, August 3 – San Francisco Chronicle – Toxic algae in this Northern California lake is corrupting drinking water and causing ‘horrendous’ smells
 - “...the stench alone from the blue-green algae blooms has been enough to discourage residents from using the lake recreationally or even getting close.”
 - “These blooms can produce toxic chemicals that, upon exposure, can cause varying levels of sickness and severe health effects in people...”
