

Dear County of Lake Chair and Members of the Board of Supervisors,

We are writing to express our sincere support for the County of Lake to vote in favor of partnering with Sonoma Clean Power(SCP).

My husband and I have been a property and homeowner in Hidden Valley Lake for more than 50 years and we believe this partnership would do wonders for our community as a whole and for all future businesses, families and residents of Lake County.

We have seen the rising costs of electricity over the years in Lake County with our freezing Winters and sizzling Summers, and we believe this partnership with Sonoma Clean Power would significantly improve the relationship of residents and businesses alike and truly give us a choice in who produces our electricity as well as how our dollars are spent.

We urge you to please consider voting in favor of County of Lake partnering with Sonoma Clean Power and investing our dollars back in our community.

Thank you for your time.

Sincerely,

Aaron & Gloria Turner
Hidden Valley Lake, Ca
